Carotid Doppler (CUS), Transcranial Doppler (TCD), Embolic Screening and Vasoreactivity Study Instructions

PREPARATION:

- DO NOT wear a turtleneck shirt.
- Wear a button-down/zippered shirt, loose t-shirt or any other low cut shirt that allows access to your neck.
- Remove all necklaces/jewelry from your neck.
- Refrain from using perfume or cologne.

If you have had a prior Carotid Duplex within the last six months at another facility, we will need a copy of your test results prior to your appointment day. Please contact us with the name of the facility and where and when the test was done at 516-887-3516 ext.: 120.

Young children cannot be left unattended in the exam room or waiting room while you are being tested.

For patients without insurance, payment is required the day of testing unless prior payment arrangements have been made in advance.

Patients are responsible for any co-pay, deductible and/or co-insurance.

Vascular testing is performed at the Lynbrook office only. Please arrive timely to your appointment.

Procedure Codes: 93880, 93886, 93890, 93892
