EVOKED POTENTIAL INSTRUCTIONS

(Records electrical activity from the brain, spinal cord or sensor receptors)

Please be advised that hair pieces and extensions must be removed prior to testing.

Please do not wear tight fitted, high neck clothing or sweaters: such as turtlenecks, etc. If possible, wear a comfortable and loose tee-shirt for the above procedures. Gowns are available, if preferred. Bring glasses or hearing aid, if worn.

All Evoked Potential testing is performed at the Lynbrook office only.

Please arrive 15 Minutes early

For patients without insurance, payment is required the day of testing unless prior payment arrangements have been made in advance.

Patients are responsible for any co-pay, deductible and/or co-insurance.

Procedure Codes:

BAER: 92585

VEP: 95930

SSEP: 95938
