ELECTROENCEPHALOGRAM (EEG) INSTRUCTIONS

Please **WASH** your hair and avoid any hair products such as: hair sprays, gels, mousse, etc.

Please be advised that hair pieces and extensions **MUST** be removed.

Face must be free of moisturizers. Please bring a hair tie for mid to long hair.

Avoid anything with **caffeine** on the day of the test, because caffeine can affect the test results.

Take your usual medications unless instructed otherwise.

If you're supposed to sleep during your EEG test, your doctor may ask you to sleep less the night before your EEG.

All EEG testing is performed at the Lynbrook office only. Please arrive 15 minutes early.

For patients without insurance, payment is required the day of testing unless prior payment arrangements have been made in advance.

Patients are responsible for any co-pay, deductible and/or co-insurance.

Procedure Code: 95819
