LONG ISLAND NEUROLOGY CONSULTANTS

OFFICE POLICIES

YOUR UNDERSTANDING OF OUR POLICIES IS AN ESSENTIAL ELEMENT OF YOUR CARE AND TREATMENT. IF YOU HAVE ANY QUESTIONS, PLEASE DISCUSS THEM WITH OUR FRONT OFFICE STAFF.

Our telephone lines are open from 8:00 AM to 4:00 PM Monday through Friday. Doctor's visits are by appointment only.

If you have a medical concern, please contact our office. If our phones are answered by our service and you believe you may be experiencing a medical emergency, please hang up and call 911 or go to the nearest emergency department immediately. Otherwise, our service line is intended only for urgent medical concerns that cannot safely wait until regular office hours. Please note that routine matters are not handled after hours, including medication refills, new prescription requests, prior authorizations, paperwork requests, and controlled substance requests. Messages regarding these issues will be addressed during normal business hours.

Again, this service is not an emergency response line. If you feel your condition requires immediate medical attention, or if you cannot safely wait several hours for a return call from the on-call provider, please seek care at an urgent care center, emergency department, or call 911.

Return calls may come from a private or blocked number. If your phone does not accept these calls, you may miss our callback. Please note that multiple calls or messages will not shorten response time. Non-urgent concerns may be deferred to regular office hours.

It is our policy to confirm all appointments three days ahead of time. We have an automated system in place that makes the initial confirmation call. You will also be notified by text message and by e-mail. It is necessary for you to use this system to confirm or cancel your appointment. This will avoid further calls to your home. If we do not hear back from you after the 3rd call, your appointment may be cancelled. If you need to speak with a person regarding your appointment, our office telephone number is 516-887-3516. Press option #2 or leave us a message on extension 202, and we will return your call. Upon cancelling or rescheduling an appointment, our office requires the courtesy of a forty-eight (48) hour notice; otherwise, you may be charged a \$50.00 cancellation fee. A \$50.00 fee will be charged to those patients with repeated no-shows. **APPOINTMENT TIMES ARE EXTREMELY VALUABLE TO OUR PATIENTS.**

Please arrive on time for all appointments and allow sufficient time to complete any required medical documentation before your scheduled visit. Patients arriving more than 10 minutes late may not be seen and may be required to reschedule at the provider's discretion. In such cases, the appointment will be considered a no-show and may be subject to a cancellation fee. Repeated missed appointments, no-shows, or late arrivals, including three or more occurrences, may result in dismissal from the practice. Patients may request to transfer care to another provider within the practice. Such requests must be reviewed and approved by both the current provider and the accepting provider before any change can be made.

We require a copy of your insurance card and your license or photo identification at the time of service to protect you from insurance fraud.

You must inform the office of all insurance changes and authorization/referral requirements. In the event the office is not informed, you will be responsible for any charges denied.

Your insurance policy is a contract between you and your insurance company. As a courtesy, we will file your insurance claim for you if you assign the benefits to the doctor directly. In other words, you agree to have your insurance company pay the doctor directly. If your insurance company does not pay the practice within a reasonable period, we will have to contact you for assistance.

Co-pays are due at the time of your appointment, as well as any balance for deductible and co-insurance. Unless other arrangements have been made in advance by you or your health insurance carrier, payments for any deductibles or co-insurance are due at the time of service. For your convenience, we accept cash, checks, and most major credit cards. If a co-pay is not paid at the time of your visit, a \$25.00 surcharge will be applied. There is a fee of \$30.00 for all returned checks. There will be no exceptions to this policy.

Past due accounts are subject to collection proceedings. All costs incurred, including, but not limited to, collection fees, attorney fees, and court fees, shall be your responsibility in addition to the balance due to this office.

In keeping with meaningful use requirements regarding EHR/EMR, electronic access to your chart can be obtained via the patient portal. In addition, electronic copies of patient health information, patient summary records, and clinical summaries are provided electronically. Moreover, patient-specific clinical reminders may also be sent electronically based on certain clinical criteria. Please inform our office if you wish to obtain access to our patient portal.

In an effort to encourage overall health, our electronic medical record recognizes concerns about weight and elevated blood pressure. Your Body Mass Index (BMI) calculates your weight based on your height. Normal BMI parameters are: for ages 18-64, BMI ≥ 18.5 and < 25 , and for ages 65 and older, ≥ 23 and < 30 . If your BMI is outside of this range, our system will place a comment on your office visit note to your primary care provider. We encourage our patients to use several online resources, such as those from the American Heart Association (AHA), for education about weight monitoring, diet, and activity/exercise. Elevated blood pressure is an important modifiable risk factor for your vascular health. Guidelines from the American Heart Association/American Stroke Association define elevated blood pressure (hypertension) for anyone with readings $\geq 130/80$. If your blood pressure is elevated, our system will place a comment on your office visit note, and we encourage you to follow up with your primary care provider for this important concern. You may also consider several online resources from the American Heart Association/American Stroke Association to learn more about this topic.

As our patient, you are responsible for all authorizations/referrals needed to seek treatment in this office. To verify whether your insurance requires a referral, you can contact your primary care physician or your insurance company. Your referral needs to be in place at the time of your scheduled appointment. If you are unable to obtain a referral promptly, your appointment will be rescheduled to a future date. Please contact your primary care physician at least 48 hours in advance to request a referral for your visit. Health plans are not the same and do not cover the same services. In the event your health plan determines a service is "not covered," or we are not able to obtain an authorization, you will be responsible for the complete charge. Patients are encouraged to contact their insurance plan(s) for clarification of benefits prior to services rendered.

As of March 27, 2016 NY State law requires all prescriptions, including controlled substances, to be transmitted electronically. If you need a refill on your medication, please contact your pharmacy. Your pharmacy will send a request to our office via the internet. Please allow 24 to 48 hours before you check with your pharmacy if the prescription has been filled. You may also use our **patient portal** at www.lineurology.com, under patient information, click on patient portal or myehr123.com/lineuroportal to request a prescription refill. Please include the following information in your message request: Patient name, name of the medication, dosage, and pharmacy's name and number. If you have further questions, please contact our prescription liaison at 516-887-3516, select Option #5 or ext. 118. You must also be able to provide an unblocked telephone number where we can reach you in case of any questions or problems. Allow 24 hours for phoned-in refill requests to be processed.

We will make every attempt to notify you of all test results when they become available. HIPAA compliance allows us to leave this information on your voicemail (unless you specify otherwise).

Patients may request completion of medical forms or provider letters through our office. Please note that providers are not obligated to complete outside forms or write letters and may decline such requests at their sole discretion. Requests approved for completion may be subject to an administrative fee, which must be paid prior to completion of the forms or letters. Please allow up to 2 weeks for processing. All required documents and forms must be submitted to our staff before processing can begin. You will be notified once your documents are completed.
